**GUEST DESIGN EXPERT** Chloe Matters of Sydney-based interior design firm TomMarkHenry (pictured with Belle interior design editor Lucy McCabe) shares her thoughts on the importance of lighting. "Other than being extremely functional, light has a physiological impact on people. Light creates quality and mood and can completely change the way we see an object or space."

"The ClassiCon 'Roattino' floor lamp is my favourite. It's timeless, sculptural and simple. It could be slotted into most interiors."
